

Centro Latino Americano

Dedicated to the empowerment of the Latino community of Lane County since 1972

December 16, 2016

Dear Community Partners,

Centro Latino Americano would like to extend a big thank you for attending our annual Health Fair “Feria de la Salud” on Saturday December 3rd, 2016. It was a pleasure to have you and meet with your staff, community members and other service providers. We hope you had a good time and connected with families and other supporting agencies.

Your support allowed us to fulfill our mission and provided us with the opportunity to connect Latino families to health resources in Lane County, facilitate networking between health care providers and educate community members about Latino access to health care.

It is taking us longer than anticipated to get numbers from each service provider, but we will be publishing a report with specific numbers soon and will alert you when we do so. What we do know now is that about 200 community members, service providers, volunteers and individuals attended the event. We’re happy to see a turnout similar to last year in a bigger venue and plan on making next year’s fair bigger and better! Please feel free to reach out if you have any feedback for us to help improve the event. Any comments can be sent to Trevor Whitbread at his email address listed below.

Thank you again for sharing your time, energy and expertise with us this year. This event is not possible without your support. All of us at Centro wish you the best of holidays and look forward to seeing you in 2017!

Kind regards,

Trevor Whitbread, M.A.
